Alison,

Yes, it is. I had it on my agenda for discussion at the board meeting and she wanted the information.

I'm trying to get the package together for you. I didn't connect with Brian from City Fabrick until just last week. My outreach to him got stuck in his spam folder.

Anyway, I'm waiting for a proposal from him and now have some construction costs that I can communicate to the businesses to.

I hope to do the outreach soon.

Kind regards,

Lorena Parker

Hi Lorena, the CM saw the article in the paper about outdoor dining in DTSP. Any official updates on your end? I thought the plan was to package a few things together into one demonstration project? Alison
